PLEASE NOTE CHANGES TO CONTRACT AND ZONE MAP.

This contract covers only those items listed in the price schedule. It is the responsibility of the agency to ensure that other items purchased are invoiced separately. State agencies will place orders directly with the vendor (creating a PG in Finet) and make payments for the same on a PV referencing the original PG. Agencies will return to the vendor any invoice which reflects incorrect pricing.

This contract is for removal and disposal of hazardous waste generated from households and Conditionally Exempt Small Quantity Generators (CESQG) per the following scope of services: set up of one day events in any number of locations within the State for the collection of household hazardous waste, have personnel at the one day collection events; also provide routine pickups of hazardous waste generated from homeowners and CESQG collected at permanent collection sites throughout the State; provide necessary identification and analytical profiling for acceptance; transportation; handling; storage; recycling; ultimate disposal (ultimate incineration or permanent internment); and all required paper work for the disposal of hazardous materials, substances, and/or wastes.
